

*We pose a problem, how would you solve it?*

*Activities for estudents*

*If you go to petrol station and we realize we don't carry the wallet what will you do?*

*If you and a friend are going to ride a bicycle, you find yourself in a place where nobody is traveling. Your friend suffers an accident, you don't have a cell phone what you would do?*

*If a girl got lost in a school trip what shall you do?*

*You have a problem with your trousers; you have broken them in the back side how you will do to solve it?*

*You have a party and the dress you are going to wear when you iron it you has burned how would solve the problem?*

*Imagine the in what way you can contribute to be more more respectful with the environment*

*Imagine that you are going out for a picnic in the countryside and you see someone trying to throw an old fridge in the countryside and not using the clean point. What you'll do then.*

*If your parents think you use too much devices, explain them what is your plan for using them.*
