Atención á diversidade Orientación

A CONSELLERÍA INFORMACIÓN COLECTIVO ENSINANZA TEMA

A atención á diversidade pode considerarse como o conxunto de medidas e accións que teñen como finalidade adecuar a resposta educativa ás diferentes características e necesidades, ritmos e estilos de aprendizaxe, motivacións, intereses e situacións sociais e culturais de todo o alumnado.

No contexto educativo actual, considérase a orientación como inherente á propia educación, pois trata de contribuir á formación integral do alumnado, coa finalidade de capacítalo para unha aprendizaxe autónoma e unha participación activa, crítica e transformadora da sociedade ao longo de toda a súa vida, e á implicación e ao asesoramento dos pais e do resto dos axentes da comunidade educativa.
